

## **Lucy Robbins Welles Library**

### **Downloadable eBooks from Freading for the Kindle Fire**

**Note: You will need to create an Adobe ID and password prior to using Freading with your Kindle Fire.**

#### **Preparing the Kindle for Freading**

Go to the settings option (the bicycle gear icon at the top) on the Kindle Fire.

1. Select "More"
2. Select "Device" and turn on the switch to Allow Installation of Applications.
3. Go to the browser on the Kindle and search for Getjar.com.
4. Search for the Getjar app (using the search box in the upper right corner) and download it to your device.
5. An icon will appear in a circle next to the name of your Kindle (at the top left of the display) when the download is complete.
6. Tap the number and follow instructions to install Getjar.
7. Select Open to access the Getjar store.
8. Search for and download the Freading app (using the search box in the upper right corner).
9. A screen will appear asking to install the app.
10. Tap Install
11. Select the Home button
12. The Freading app will now appear on the home screen of your Kindle.

#### **To Activate Adobe on Your Device.**

1. Open the Freading app
2. Select the Menu icon at the bottom of the screen
3. Select Account and enter your Username (the email used to create your Adobe account).
4. Enter your Password
5. Make sure the Adobe ID is selected in the Account Type field.
6. Select the Activate button.

## **To Login to Freading**

1. Using the browser on your Kindle, go to the library's Freading site located at <https://newingtonct.freading.com>
2. Select Login at the top right corner of the screen.
3. Enter your library card number and pin (or last name if required).
4. An EZ-1-2-3 guide will appear, review the page then select "Continue on to Freading".
5. You are now at the Lucy Robbins Welles Freading website. Note that in the upper right hand corner of the screen you can access information regarding tokens used and remaining, items downloaded and the status of the item and wish list items.
6. Search the site to locate an e-book you are interested in.
7. You can search by top downloads, new arrivals and categories located at the top of the site. You may also use the Advanced Search (located on the right hand side of the screen) to locate a particular item or, just browse the site.
8. When selecting a title, note that the number of tokens assigned to an item is displayed in the upper left hand corner of the book cover image.
9. Select a title and you will see a pop-up with a link to "download epub" or "download pdf". Click on the link to download your selection. (To view a full description of the book click on the book image).
10. Complete the Action Using Freading
11. Your selected item will appear on the screen.
12. Tap to Open your selection.
